1. GENERAL

The ITF Beach Tennis World Tour (BTWT) is comprised of the ITF Beach Tennis World Tour, the ITF Beach Tennis World Cup (and Regional Cups) and the ITF Beach Tennis Championships (and Regional Championships).

The ITF Beach Tennis Junior (BTJT) is comprised of the ITF Beach Tennis Junior Tour, the ITF Beach Tennis Junior World Cup (and Junior Regional Cups) and the ITF Beach Tennis Junior World Championships (and Junior Regional Championships).

BTWT Tournaments must comply with the provisions of the 2025 Beach Tennis World Tour Regulations and the 2025 Beach Tennis Organisational Requirements (this document, also referred to as the “Requirements”). BTJT Tournaments must comply with the provisions of the 2025 Beach Tennis Junior Tour Regulations and the 2025 Beach Tennis Organisational Requirements (this document, also referred to as the “Requirements”).

Any sanctioning National Association and the Tournament Organiser where separate (jointly the “Applicant”) awarded a one (1) year sanction on the BTWT or BTJT Calendar shall be subject to, and shall be bound by and comply with the BTWT / BTJT Regulations, the ITF Rules of Beach Tennis, the ITF Return to Tennis Protocols and the ITF Guide to Recommended Health Care Standards, each of which may be amended from time to time.

Applicants are advised that this document entitled and the “[Guide to Recommended Health Care Standards for Tennis](#)” are essential reading prior to completion and submission of a Tournament application. Responsibility for ensuring compliance with these documents lies with the National Association, which must also ensure sufficient financial securities are in place.

ITF reserves the right to refuse approval of or cancel any previously sanctioned tournament or series of tournaments on the grounds of health, safety, security or any other potential risk to the successful running of the tournament(s), including without limitation, any risk posed by the continuation and/or re-emergence of COVID-19, with no liability to the National Association, Tournament Organiser or ITF. The Applicant is responsible for ensuring suitable safety and security plans are put in place for the tournament that comply with local laws, regulations and best practice. This includes the timely completion and submittal of ITF security documents where specifically requested by the ITF.

The ITF reserves the right to amend these Requirements at any time. Updated versions of the document will be published on the ITF Website and National Associations must distribute the most up-to-date document to Tournament Organisers. Key documents regarding the organisation of BTWT and BTJT Tournaments are available on the dedicated sections of the [ITF Website](#).

2. HEALTH, SAFETY AND SECURITY

The health, safety and security of all persons involved in the Tournament, including players, officials, Tournament staff and spectators, are of principal importance. The Applicant is responsible for ensuring an adequate security plan for the protection of all involved persons against any such problems is in place and implemented for the Tournament.

The National Association, in association with the Tournament Organiser, must make the ITF aware immediately of any major issues or threats (e.g. political unrest, health epidemic, natural disaster) that could impact the progress of the Tournament or the health, safety or security of persons involved, whether they occur in advance of or during the Tournament.

Tournament Organisers and National Associations are advised to have preparations in place to handle emergency situations. The ITF reserves the right to request that the Applicant to submit security documentation for the Tournament or have additional security measures put in place because of security concerns.

Tournament Organisers are expected to monitor weather and if necessary, with consultation with the ITF Supervisor make modifications to play in cases of extreme weather conditions such as heat, lightning, or other severe weather conditions. The Tournament Organiser and ITF Supervisor must adhere to the Extreme Weather Rule ([Appendix D in the BTWT Regulations](#)) and the tournament must have a temperature and humidity recording device (e.g. sling psychrometer) to measure the Heat Index.

[Security Guidelines](#) have been sent to all National Associations and on the ITF website. These guidelines must be followed, and any questions directed to the ITF.

5. TOURNAMENT SANCTION APPLICATION

In order for BTWT / BTJT Tournaments to be approved and sanctioned by the ITF for inclusion on the Calendars, the Tournament must have all necessary approvals from the relevant National Association and, if appropriate, the Regional Association.

The National Association is responsible for submitting the application form(s) and remains ultimately responsible for the proper organisation and running of the BTWT / BTJT Tournament. Prior to supporting and submitting a Tournament application a National Association must be fully appraised of the proposed Tournament site and organisation and be satisfied they meet the necessary requirements and standards for the intended level of Tournament.

All information regarding Tournament sites, dates and draw sizes must be submitted through the [Tournament Management System](#). Completed Tournament Application Forms must be submitted a minimum of six (6) weeks for a BT10, BT50 or BTJ100, or eight (8) weeks for a BT100 or BT200, or ten (10) weeks for a BT400 prior to the start of the Tournament (defined as the Monday of the Tournament week). See Table for further information on Tournament deadlines.

Sand Series tournaments are awarded through the Beach Tennis Committee and have a separate application process. All submissions must follow the deadline laid out in the Sand Series Application Form.

BEFORE THE TOURNAMENT

World and Regional Championships and World and Regional Cups (and their Junior equivalent) are awarded through the Beach Tennis Committee and have a separate application process. All submissions must follow the deadline laid out in the respective Application Form.

The applicant must instruct their bank to send the Letter of Credit to the ITF's bank's SWIFT code (NWBKGB2L) naming themselves as the beneficiary and providing their address. SWIFT is a secure, electronic, bank-to-bank transaction. An example letter can be found within the Tournament Management System.

9. CANCELLATION AND SUBSTANTIAL CHANGES

No BTWT or BTJT Tournament may cancel, postpone, or make substantial changes to Tournament arrangements less than 60 days prior to the scheduled commencement of the Tournament without approval and official communication from the ITF Beach Tennis Team. Shall subject the Applicant (defined as the sanctioning National Association and where applicable any third-party agent (Tournament Organiser)) to a fine of up to US \$1,000, forfeiture of all sums, if any, previously paid or due to the ITF, reimbursement of unrecoverable expenses incurred and/or denial of subsequent applications.

10. BTWT / BTJT REGULATIONS

The BTWT / BTJT Regulations are issued and maintained by the Beach Tennis Committee for the purpose of ensuring the orderly and fair administration of BTWT and BTJT Tournaments. Each Tournament Applicant and each player entrant in a BTWT or BTJT Tournament agrees, as a condition of such entry, to abide by and be subject to the BTWT / BTJT Regulations, which include the BTWT / BTJT Code of Conduct and the ITF Welfare Policy, as amended from time to time by the Beach Tennis Committee.

11. ITF RESPONSIBILITY

The ITF will assist in the overall organisation of the BTWT Tournaments through coordination of the international calendar and management of player entries.

The ITF will assist in the overall organisation of the BTJT Tournaments through coordination of the international calendar. Tournaments are responsible for managing entries and withdrawals for their own tournament and ensuring that Entry and Acceptance Lists are published. The Entry List must be published at least five (5) weeks before the Monday of the tournament week and updated on a weekly basis until the entry deadline. A copy of the Acceptance List must be sent to the ITF (beach@itftennis.com) immediately following the Entry and Withdrawal Deadlines and Sign-in.

12. FACT SHEET

The official Fact Sheets for Tournaments must be submitted by email to the ITF Beach Tennis Department (beach@itftennis.com) by the deadline outlined in Section 5. Deadlines.

The National Association will be held liable for any unrecoverable costs and expenses incurred if incorrect information is provided and subsequently published.

Failure to comply with the deadline for submission of Fact Sheet information may result in the removal of a Tournament from the ITF Calendar.

13. SAFEGUARDING

Each Tournament Organiser must provide on the Fact Sheet, the name and contact details (address, email and telephone) of the statutory authority in their country (or state, region if appropriate) that is responsible for receiving safeguarding issues. Each country handles these matters differently, but typically the statutory authority would be the police or other local law enforcement agency, a child protection agency, social services agency, national association or other similar type organisation.

In addition, each tournament must provide a contact person on-site which handles safeguarding issues. The Tournament must provide the contact's name, email and telephone. On the Tournament Fact Sheet, the ITF will also provide details of the ITF's safeguarding reporting process.

14. MEDIA, COMMERCIAL, DATA RIGHTS

The ITF's regulations regarding media, commercial and data rights are detailed in the [BTWT Regulations – Appendix C](#).

For the avoidance of doubt no sponsorship will be permitted either as part of the Commercial Rights or as Tour Sponsor Rights to any entity in respect of tobacco products, hard liquor products, betting companies, political activity or other category deemed to be detrimental to the sport of tennis, as reasonably determined by ITF in consultation with the applicable National Associations. It is permitted to appoint casinos or national, regional or state sports lotteries as part of the above rights (with the prior approval of the ITF) provided they do not offer tennis betting as part of their business activity.

15. PUBLIC LIABILITY INSURANCE

The Applicant is responsible for taking out a suitable insurance policy which is compliant with local laws and regulations and which insures against claims made for damage to property and for death/injury caused to people at the event for which the Applicant is legally liable. "ITF Ltd" and "ITF Licensing (UK)

Ltd” must be named in the policy and on the certificate of insurance, and a copy must be provided to the ITF on request.

The Applicant is encouraged to take out those insurance policies that safeguard against employer’s liability, business interruption and personal injury as well as any other appropriate insurance policies recognised under local law. In addition, it is strongly recommended that the Applicant obtain and maintain event cancellation and abandonment insurance which insures against all reasonably known financial risks arising from the rescheduling, cancellation and/or abandonment in whole or in part of a Tournament due to force majeure.

16. PROGRAMME AND BANNERS

If required, Pro Tour Tournaments shall assign to the ITF, free of charge, one (1) page in the Official Tournament Programme for an ITF editorial or advertisement. If required, Tournaments shall display up to two banners displaying the official World Tour logo and/or Junior Tour logo on their show court. These banners will be provided at the expense of the Tournament.

World Tour Category BT100, BT200, BT400 Tournaments should consider this a minimum requirement.

17. WILD CARDS

National Associations are responsible for the selection and the awarding of the Wild Cards. If required by the ITF, Tournament Organisers are obliged to provide an explanation of how the Wild Cards were selected at any Tournament in their nation.

The Tournament Organiser with the approval of the sanctioning National Association and the ITF may hold a Pre-Qualifying/Wild Card events to determine the selection of Wild Cards. Pre-Qualifying/Wild Cards for any BTWT Tournament must take place prior to the Tournament Week.

Tournament Organisers must submit Pre-Qualifying/Wild Card tournament conditions to the ITF for approval and the ITF has the right to reject any tournament conditions created by the Tournament Organiser/National Association.

Tournaments must send written confirmation of the offer and acceptance of a Wild Card to players. Players and Tournament Organisers may not offer and/or receive any compensation for receiving or awarding a wild card. Acceptance of the offer of a Wild Card constitutes a player’s Commitment to the Tournament.

TOURNAMENT SITE AND PERSONNEL

18. VENUE TYPE

The Tournament should be held at a single venue in either an indoor or outdoor location and must be defined as such on the Application Form. A combination of indoor and outdoor locations is not permitted for a single Tournament unless circumstances out of the Tournament's control, e.g. bad weather, require matches to be moved to an alternative location in consultation with the ITF. Tournament conditions on all match courts must be the same.

Tournaments held outdoors are advised to create a "bad weather" plan for staging the Tournament in the case of bad weather, e.g. identifying nearby locations with indoor facilities that may be used.

Tournament matches may not be played on some courts that are covered and some courts that are not covered, except when weather disrupts the schedule.

The overall venue should be free of distractions from excessive noise from other events, such as other sports games, matches, tournaments, concerts, etc. Tournament Organiser must make best efforts to ensure all matches are free from outside distractions.

The sanctioning National Association and Tournament Director must ensure that the match courts conform fully to Rule 1 'The Court' of the [ITF Rules of Beach Tennis](#).

Please also refer to Appendix I in the [ITF Rules of Beach Tennis](#) to ensure the Prohibited Service Return Zone is correctly marked out and the rule observed.

The ITF requires a minimum distance of 1.5 metres between courts or between the outside edge of the court lines and any other fixture or fitting, whichever is closer.

The ITF requires a minimum distance of 0.5 metres between the net post and the side-line.

Placed vertically over the middle of the court there is a net whose top is set at the height of 1.80 m for Men's and Junior Boy's events and 1.70 m for Women's, Junior Girls and Mixed events.

Prohibited Zone

The prohibited service return zone ("prohibited zone") is the area between the net and an imaginary line parallel to, and three (3.0) metres from, the net and extending indefinitely beyond the sidelines. The intersection of the imaginary line and each sideline shall be clearly indicated by a marker placed on or immediately outside the sideline. No additional lines or markers shall be placed within the court area.

Continuing from the 2024 trial, in 2025 the prohibited service zone for the serving team for men's and junior boys competition will be six (6.0) metres from the net and extending indefinitely beyond the sidelines. The intersection of the imaginary line and any sideline shall be clearly indicated by a marker placed on or immediately outside the sideline.

No player(s) of the serving or receiving team shall touch any part of the court within the prohibited zone until the ball is in play.

20. PRACTICE COURTS

The following principles will apply at all BTWT tournaments.

1. Tournaments must have the following minimum number of practice courts available for a minimum of nine (9) hours each day, at least one day prior to the start of the event through the completion of the tournament:

Level	16 Main Draw	32 Main Draw
BT10/BT50	<u>1</u>	<u>1</u>
BT100/BT200	<u>2</u>	<u>2</u>
BT400	<u>2</u>	<u>4</u>
Sand Series		<u>4</u>
World Championships		<u>4</u>

2. A clear allocation and booking process for practice courts should be made clear to players at the beginning of the tournament. This process should ensure a fair and transparent allocation process for all players.
3. Practice must be free for all players from the designated start day (minimum of one day before qualifying) until their elimination from the tournament.
4. There is no obligation to provide access to practice courts for eliminated players, although it is encouraged where possible. The opportunity to practice, if provided, must be the same for all eliminated players.

5. On all days, a priority for practice will apply as follows:

- I. First match warm-ups.
- II. Players scheduled to compete on that day (or the following day for practice that takes place on the day of qualifying sign-in).
- III. Top 5 Alternates (on the day before qualifying and on the first day of qualifying), and Top 3 Lucky Losers (on each day until the end of the first round).
- IV. Main Draw players scheduled to compete on the following day.
- V. Remaining Main Draw players, Alternates and Lucky Losers.
- VI. Eliminated players.

Staffing and Recommendations

- A member of the tournament staff must administer the practice court schedule, be onsite to take bookings during practice hours, and be able to apply the priority order (see point 5 above).
- Tournaments are encouraged to deliver more than the minimum requirements stated above. This may include more practice courts and extended hours of availability.

Deviation from these principles can only be made with prior approval from the ITF.

21. COURT REQUIREMENTS

All match courts shall be of exactly the same type of sand. In the event of bad weather, play may be moved under cover but the surface of all such covered courts should be the same. The ITF requires a minimum sand depth of 40 cm.

The surface must be composed of levelled sand, as flat and uniform as possible, free of rocks, shells and anything else which can represent risks of cuts or injuries to the players. The playing surface must not present any danger of injury to the players. All match courts shall be substantially aligned, except in exceptional cases approved in writing by the ITF.

Court Preparation

All courts must be kept clean, well maintained throughout the competition and safe for play. Courts shall be raked and watered (if necessary) before the start of all matches and in between each set.

It is recommended that all match courts have backdrops (at least 2.5m high) behind the baseline.

Court Equipment

The Tournament Organiser must ensure that all match courts are equipped with the following equipment prior to the start of play:

- Net, net posts, and court boundary tape all of which must comply with the Rules of Beach Tennis. No advertising is allowed on the net, band, court boundary tape, or net posts except as provided in [Appendix V of the Rules of Beach Tennis](#). The same make and colour of nets must be used and must be in good/excellent condition. Each tournament shall have spare nets available. The court boundary tape should include markings for the Prohibited Service Return Zone. If not, a marker must be placed on or immediately outside the sideline.
- Measuring device – a measuring stick, tape measure or other measuring device must be available for the measuring of the net height.
- Players' Chairs – each Tournament must provide chairs for the players located on each side of the Chair Umpire.
- Umbrellas on courts for players and chair umpires for tournament held during hot weather conditions.
- Scoreboards - Tournaments should provide scoreboards for all courts.
- Rubbish bins – there should either be one large trash can behind the Chair Umpire Chair or two small trash cans, one next to seating for each team.
- Chair Umpire's Chair (as required in accordance with the – Minimum Officiating Requirements) – it is recommended to have a small writing table to the right-side armrest of the Umpire's Chair.
- Line Umpires' Chairs (as required in accordance with the – Minimum Officiating Requirements), all of which must be located on the extension of their respective lines along the side fence.
- Towels are recommended for player use and a deposit may be charged.
- It is recommended that the Stadium court has a PA system (Microphone) for the chair umpire to announce the matches.
- Off-Court coaching for 2025 has been approved by the Rules of Tennis Committee. Please refer to the [2025 Off-Court Coaching Procedures](#) for further information.

22. TWO TOURNAMENT SITES

In the interests of players, officials, organisers and spectators and to ensure the Tournament is run as efficiently as possible, the entire Tournament should be held on one site only. If a second site is used only for practice courts, then that site must be listed on the fact sheet. Please detail the site address and for which days the site will be used.

23. LIGHTS

It is recommended that all tournament organisers measure the lighting of all match courts prior to hosting an event, so the organiser is aware in advance if the lighting is suitable for play (weather). For all Indoor events and tournaments with match schedule plans that require lighting the courts must meet the requirements below.

All matches played under artificial lighting, the intensity of illumination must be sufficient for professional beach tennis i.e. minimum of 500 lux and distributed evenly over the court. The ratio of the highest to lowest light readings is recommended to be a maximum ratio of 1.5 : 1.

Light poles should be positioned so that light is evenly distributed around the court and the poles should be positioned not to affect player safety or match play.

The ITF Supervisor has the authority to suspend play on any court if the intensity of illumination, in their judgment, is insufficient for professional tennis.

24. ITF SUPERVISOR'S OFFICE

A private, enclosed office with a desk must be provided for the ITF Supervisor in close proximity to the courts. If no permanent structure is easily available and accessible to the courts, a tent or marquee should be erected for this purpose. The ITF Supervisor must be provided with:

- Power source.
- Wireless Internet Access, which should be a dedicated and stable WIFI connection with direct login, i.e. password only required, no log-in via a website, with recommended minimum upload speed of 5-10 Mbps.
- An international telephone line (phone number must be shown on the Tournament Fact Sheet).
- Printer/Photocopier (preferably colour) and a good supply of paper.
- Microphone for Public Address System.
- Communication devices, such as walkie-talkies, must also be provided to the Chief Umpire, each Chair Umpire and Sport Physiotherapist. This is a recommendation for BT10, BT50 and BTJ100 tournaments, but required for all other tournaments.

25. PHONE LINE / INTERNET ACCESS

A phone line and dedicated and stable internet access must be provided for the ITF Supervisor on-site. Internet access should also be provided to players, free of charge.

26. CHANGING FACILITIES

TOURNAMENT SITE AND PERSONNEL

Suitable male and female changing rooms/facilities, or alternatively suitably partitioned areas for use by male and female players, preferably adjacent to the Tournament courts, must be available.

Changing rooms must be “Player access only”. Where possible, lockers should be provided to enable players to leave belongings without risk.

Facilities must include toilets, showers and hand washing facilities (all cleaned on a daily basis), an adequate supply of toilet paper and wastepaper/sanitary bins.

27. PLAYER LOUNGE

At World Tour Category BT100, BT200, BT400 & Sand Series Tournaments and Junior Tour Tournaments, a player lounge must be provided. Best effort should be made to provide a player lounge at BT10 and BT50 Tournaments.

This area must only be accessible by ITF tournament players and Tournament personnel. If no permanent structure is easily available and accessible to the courts, the ITF recommends a tent or marquee that provides shade is erected for this purpose.

The area should be equipped with sofas/comfortable chairs and be supplied with fruit and water. It is also recommended to be supplied with non-carbonated soft drinks, including sports drinks – please consult [Recommended Food and Drink](#). The players’ lounge must be freely available to all players still in competition. Tournaments are encouraged to allow eliminated players access to the lounge, lounge facilities and refreshments although this remains at the discretion of the Tournament Organiser.

A notice board must be placed in the Player Lounge and/or near the Tournament Desk. All player information must be clearly displayed and updated daily. This information must include the latest Order of Play, updated Draw Sheets and relevant player notices (e.g. transfers from site to official hotel, practice court schedule, etc.).

28. TREATMENT ROOM

A separate treatment room should be made available, preferably located near the courts. Alternatively (but not recommended), a partitioned area (for privacy reasons) adjacent to the changing rooms may be suitable, provided this is equipped with a wash hand basin, is well ventilated and is of a suitable temperature.

The room must include:

- One adjustable (including variable height down to 60 cm) padded treatment table per Sports Physiotherapist in good repair and sanitary condition.
- A desk, table or countertop for medical supplies.
- Three chairs and/or rolling stools.
- Lockable cupboard for storage of paperwork and medications.
- Adequate supply of clean towels and sheets.
- Ice and non-carbonated water (still) in sealed containers.
- Dispensed soap (or the equivalent) and paper towels.
- Automatic External Defibrillator (AED).

It is recommended to have a separate, shaded area for players waiting for treatment, with appropriate seating.

TOURNAMENT SITE AND PERSONNEL

Where possible, a fitness room containing cardiovascular and strength training equipment should also be made available, located at or in close proximity to the Tournament site or hotel, for use by players and their coaches.

29. ON-SITE-ANTI-DOPING TESTING FACILITY

If required and when requested, each Tournament is obligated (unless indicated otherwise) to provide the following facilities:

- A private room with separate toilet; *or*, at the discretion of the ITF or Anti-Doping authorities an alternative on-site location.
- The room/location must have/contain:
 - A lock on either the door or the fridge.
 - A desk and two chairs.
 - Lockable cabinet (if the room is not private and lockable).
 - Access to the internet (if possible).

In addition, the Tournament is required to provide staff assistance for site set-up and facility maintenance during the Tournament.

30. RESTAURANT

It is strongly recommended the Tournament Director allocates a nearby restaurant as an official restaurant for the duration of the Tournament. The restaurant, which should be open throughout the day, must offer various types of food and drink suitable for athletes at a reasonable cost. If possible, the ITF recommends that the Tournament Director negotiates reduced food rates for players and Tournament officials. The system by which players are to obtain food, i.e. vouchers, tickets, or cash, should be made known to the players before the start of the Tournament. Please consult [Recommended Food and Drink](#) for a list of recommended foods and drinks.

31. SECURITY / ACCREDITATION

Many of the above areas should be designated “Player access only”, into which only entered players, their nominated coaches and Tournament officials may be allowed access. Such individuals should be issued with appropriate accreditation passes.

Each Tournament must provide sufficient personnel to ensure access to these areas is restricted as required.

ITF UNO Accreditation System

ITF UNO is an accreditation platform provided by the ITF to BTWT tournaments at BT400 and Sand Series level free of charge.

These tournaments are strongly encouraged to implement ITF UNO for accreditation purposes at all ITF tournaments. ITF UNO helps provide:

- **Security:** Enhanced security at the tournaments, complete access control.
- **Integrity:** All requests are automatically checked against ITIA Non-Credential List

TOURNAMENT SITE AND PERSONNEL

- Efficiency: All players in the Main and Q draw will have their accreditation requests automatically created and approved reducing administration

You can find more details about [ITF UNO](#) and if you would like to use ITF UNO at your tournament, please contact UNO@itftennis.com.

ITF Supervisor

Each Tournament must appoint and provide an appropriately certified official, in accordance with the [Minimum Officiating Requirements](#), to act as ITF Supervisor. The ITF Supervisor must be available throughout the Tournament Week, from the Qualifying Sign-in until after the final match of the Tournament has been completed, unless otherwise approved by the ITF.

At Sand Series and World Championships, the Doctor must be on site for the duration of play on the first day of the Main Draw.

It is recommended that all tournament doctors complete the following ITF courses:

- ITIA Anti-Doping Course
- ITF Safeguarding Course

All players accepted and competing in the Tournament, including eligible Lucky Losers, shall be eligible for treatment from the doctor, as a minimum for the duration of their participation in the Tournament.

Any on-site treatment should be provided free of charge to players. A copy of the completion certificate should be presented to the ITF Supervisor on the first day of the tournament.

If it is more practical or cost efficient for the Tournament that the doctor conducts necessary player consultations and treatments off-site, the expense of consultations / treatments that could practically be conducted by the doctor on-site remain the responsibility of the Tournament Organiser.

The cost of hospital treatment or any off-site treatment is the responsibility of participating players.

Court services personnel should be trained and aware of local laws regarding the proper handling of biohazardous waste.

37. ENTERTAINMENT STAFF

Master of Ceremonies (MC) & Disk Jockey (DJ)

The ITF recommends the Tournament appoints an MC to be based predominantly on the main show court at all Tour events. His/her main role would be to entertain the spectators – this may include, but should not be limited to, introducing the players onto court, commentating between points/games and announcing the score during a match (in the absence of a Chair Umpire) as well as the current scores and results of other matches.

The MC must have a good understanding of the ITF Rules of Beach Tennis and should be responsible for ensuring that any spectator entertainment (e.g. music) does not disrupt the normal course of a match.

In association with the MC, a DJ (with sound system) may be appointed to perform/play music between games/sets/matches. Ideally the DJ will be fully briefed on the ITF Rules of Beach Tennis and must be sympathetic with regards to playing music during a match. The DJ should be provided with an updated order of play on a daily basis and should pay close attention to matches being played to ensure as little disruption/distraction is caused to players as possible.

Hosts/Hostesses

To help facilitate the entertainment run by the MC, a number of hosts/hostesses may be employed. Such individuals may be the same personnel employed as Tournament Assistants.

38. ACCREDITATION STAFF

Each tournament must have at least one staff member that will oversee the accreditation process for the tournament. This individual and any other individuals responsible for accreditation must manage the credential process for the tournament as per Section 32.

The credential staff must ask for a photo Id, preferably passport, to confirm the identity of every person before handing over the accreditation.

Volunteers can fill several valuable roles during a tournament, such as credential monitors for locker rooms or facility, fitness facilities access, ball persons monitor, player lounge monitor, photographer, player services assistance, scoring monitor, hospitality assistance, ticket office assistance, sponsorship hospitality, ushers, or other similar roles. It is recommended that there is a coordinator for all volunteers is created to handle the applications. It is important to screen these individuals and follow local laws prior to them working. It is also important to provide clear job description and duties for all individuals assisting with the tournament.

40. BALL RETRIEVERS

All ball retrievers must be trained prior to going onto court for their first match. Ball retrievers must understand tennis scoring and specifically how tiebreakers are played. The ball retrievers should know

TOURNAMENT SITE AND PERSONNEL

their responsibilities and must be trained on procedures for warm-up, change-over and ball change and positioning. Clothing for ball retrievers shall not be identical to the Officials' uniform and shall not be light coloured, particularly white or yellow. For outdoor Tournaments played in high temperatures dark coloured clothing must not be worn. It is recommended to have a shaded space for ball retrievers to gather before the start of play and for breaks during the day.

Each Tournament Organiser/National Association must create a Match Schedule Plan (MSP) and send it to the ITF Supervisor hired for their event to confirm the site can accommodate the number of planned scheduled matches. The confirmed match schedule must be displayed on the player information board prior to the commencement of the tournament, especially where consolation matches are to be played.

Tournaments can be played over one (1) – seven (7) days although the default duration will be one (1) or four (4) days.
